Dorling, D. (2018) contribution to Times Newspaper story: Health can last 30 years longer in well-off areas, March 8<sup>th</sup> by Chris Symth: Danny Dorling, of Oxford University, said: “This health life expectancy gap is shocking and it is growing. A large part of the reason is migration.” In January The Times revealed that life expectancy had fallen by more than a year in some areas since 2011. <https://www.thetimes.co.uk/article/health-can-last-30-years-longer-in-well-off-areas-wb06c3j0n>

Hiam, L. and Dorling, D. (2018) numerous stories, March 15<sup>th</sup>: “Call for action after 10,000 more deaths than expected in England and Wales” (The Express; The Telegraph, The
